

**Webinar:** Sept. 18th,  
2012 from 12:30—1:30pm

**Webinar Info:**

<https://connect.fiu.edu/r35fif43d2x/>

- **SCIENCE**

Mastering science based skills to create a prosperous and engaging future

- **COMMUNITY**

Utilizing knowledge and skills gained to revitalize and enrich the community

- **ENGAGEMENT**

Expanding your knowledge of the latest breakthroughs in science and technology

- **FUTURE**

Enriching the South Florida community through science based student engagement

## Development of Enabling Technologies and Components to Accelerate Cell Therapies Discovery

Join Dr. Claudia Zylberberg, CEO of Akron Biotech, for a thought provoking webinar on the acceleration of cell therapies through innovative technology. Dr. Zylberberg spoke at the World Stem Cell Summit last spring and will also be a featured speaker at this year's 2012 BioFlorida Conference in October. This webinar will provide the perfect opportunity to peer through a window into the future of science and technology. The webinar will focus on tools and frameworks required for the development and acceleration of cell therapies. Products and technologies that are still to be created to further increase the rate of cell therapies will also be discussed. Dr. Zylberberg will address how Akron Biotech is assisting in the rapid growth of the regenerative industry. The challenges and impact of regulatory environment on the advances of therapies will be presented.

**RSVP by 9.16.12 to 305-348-4437**
